Dear Dominion Valley Sharks Swim Team,

Thank you very much for your support of the Carol Taylor Memorial Swim for Hope to benefit the Pancreatic Cancer Action Network. What an incredible surprise to find out that your team held its own Swim A Lap to support ours. Your team just reinforces our belief that swimmers and their families are the most generous and supportive people belonging to any sport. It was our goal that this event would raise awareness and funds to help educate and eradicate this devastating disease. The Old Bridge Breakers and the Taylor family have been surprised and delighted with the support they have gotten for this. Over 90 swimmers swam on July 14, 2008. One other swim team held their own swim a lap in conjunction with ours. Several swim teams have made donations. To date we have raised an amazing \$4900.00 for Pancreatic Cancer Action Network! All of this would not be possible without your generous support.

On behalf of the Old Bridge Breakers, thank you so much,

Leslie Schwoppe
